

*Cylchwyl 75 Anniversary*

1943 to 2018

You are invited to join us in celebrating the WBKA's 75<sup>th</sup> Anniversary Friday 13<sup>th</sup> to Sunday 15<sup>th</sup> July 2018.

The event is a residential summer school at Aberystwyth University, a modern day repetition of the beginnings of the WBKA in 1943.

There will be a mixture of lectures, workshops and social activities, as well as amenities to engage non-beekeeping partners. Attendees will have access to the University Arts centre which houses a cinema, shops and art galleries.

Saturday evening will see a Gala Dinner in the Medrus Room on the University Campus.

Look out for further details and booking information early 2018 on the WBKA website and in beekeeping publications.

Mark your diaries to join us in the celebrations whether as a day guest or for the whole weekend.

Why not organise a group to come along and share the celebrations with likeminded friends. 5 star en-suite rooms, every 6 or 8 of which has a large kitchen and lounge for those who wish to self-cater. For those for whom this is an opportunity to get away from the kitchen there are a number of cafeterias around the campus.

*Jill Wheeler*

WBKA Events Secretary
